

MS Iron Butt 2018 (Alan’s version starts in Meridian but yours can start anywhere along the route) **NOTICE if you are actually riding this as an Iron Butt ride you must follow the Iron Butt guidelines. If you are just riding for fun and want to take 2 or 3 days, have at it!!!!**

The intent is simple: run an Iron Butt 1,000 SS but within the state of MS. The route must hit the 6 corners of MS and when plotted it should look like the state.

To add fun and difficulty, and to get extra personal credit, you can get a memento from each of the 6 corners + Moss Point, Pearlinton, Columbia, Woodville, Walls, and Iuka.
